## WEDDING

Dr. N.K. Law And  
Miss Phyllis Choy

A pretty wedding was solemnized  
at the Union Church yester-  
day when Dr. Law Nai-koy was  
married to Miss Phyllis Choy,  
daughter of Mr. and Mrs. Choy  
Yau-hang. The Rev. E. G. Powell  
officiated.

The bride who was given away  
by her brother Mr. Choy Wal-  
hoong, looked pretty in a white  
lace dress. She carried a bouquet  
of pink gladioli and was attend-  
ed by her sister Miss Ellen Choy  
who wore a pink silk dress, and  
carried a similar bouquet.  
The bridegroom was attended by  
Mr. Pow Yu-lam as best man. A  
large gathering of friends attend-  
ed at the church and later at the  
Kwong Chow Restaurant where a  
reception was held.

St. Peter's Hall will be named after  
her.  
Lord Nuffield's benefactions in  
recent years are in the region of  
£500,000.

## PLANS

### Arrangements For Training

(Special Air Mail Service)

London, May 1.

The Prince of Wales will open on  
May 31 the new Metropolitan Police  
College at Hendon, now rapidly  
nearing completion. An opportu-  
nity of seeing the progress made with  
the adaptation of the building, which  
was formerly a country club, was  
given to newspaper representa-  
tives yesterday. The college is  
situated in delightful surroundings,  
the grounds being about 60 acres in  
extent. There is ample accommoda-  
tion for all kinds of sports and  
recreations, including Association  
and Rugby football, squash rackets,  
hockey, cricket, and tennis. Games  
and athletics are an important part  
of the training.

One of the objects of the college is  
to enable men selected for their  
special qualifications to attain the  
highest police efficiency by means of  
intensive training. Thus it is es-  
timated that at the end of a course  
of 15 months, followed by a year of  
actual police duties, a student will  
have acquired as much practical ex-  
perience as if he had served in the  
force for 10 years under the present  
system. Every department of police  
activity will be represented at the  
institution. The building itself has  
proved easily adaptable to the needs  
of police officers in the making.  
There are fine rooms, such as a large  
hall, formerly used for dancing and  
theatrical and film entertainments,  
a swimming bath, 100ft. long, a  
guest room for relatives and friends,  
a shop, and libraries and lounges.

One room is to be equipped as a  
police court, complete in every de-  
tail, and the services of an ex-  
perienced magistrate may be sought  
at intervals to give students an op-  
portunity of practising giving  
evidence before an expert. Another  
will be made into a model police  
station, complete with charge room,  
teleprinter, and finger-print depart-  
ment. There will also be traffic  
lights, fire alarms, and a police  
telephone box, and students will be  
instructed in the mysteries of the  
"Q" cars used by the Flying Squad,  
and the uses of wireless telegraphy  
in crime detection. Murders, smash-  
and-grab raids, and street accidents  
will be realistically staged.

The first session of the college will  
begin on May 10 with 32 students,  
and 30 others will join in September.  
Of the total number 20 have already  
served in the Metropolitan force.  
At the end of each course examina-  
tions will be conducted by a board,  
and successful men will then be  
passed out to take a further 12  
months' training in regular police  
duties.

Colonel G. H. R. Holland, former-  
ly of the Indian Police, and later  
Chief Constable of Lincolnshire, is  
commandant of the college, with Mr.  
A. F. Senior as his assistant.

Mr. Senior stated yesterday that  
the students would wear the blue  
uniform of a probationary inspector,  
as they were actually junior station  
inspectors on probation. They  
would dine at 8 p.m., and would  
wear dinner jackets. When they  
went out they would be in mufti.  
The complete course would occupy  
15 months, of which about three  
months would be holiday. Married  
men would get every week-end off  
and be fully considered with regard  
to leave. In the college ex-Servicemen  
would act as servants, and there  
would be one batman to every  
six students.

On four nights a week students  
would be expected to do preparation  
from 9 o'clock to 10.30 in the silence  
room. The day would start at 6.45  
a.m., and students would work fair-  
ly steadily, with an interval for  
lunch, until tea-time. It seemed a  
long day, but it must be remembered  
that it included parade and physical  
training. Lectures on technical sub-  
jects would be given by such experts  
as Sir Bernard Spilsbury from time  
to time.

## LORD NUFFIELD

The future of St. Peter's Hall  
Oxford, the youngest foundation in  
the university, has been assured by  
a gift of £10,000 from Lord Nuf-  
field. It will be known as the  
Emily Morris Bequest in memory  
of Lord Nuffield's mother, who died  
shortly after he had received his  
peerage.

The gift was made on the six-  
tieth anniversary of the consecra-  
tion of St. Peter-le-Bailey Church,  
which serves as a chapel for stud-  
ents at the hall.

The master of the hall, the Rev.  
C. M. Chavasse, said that the gift  
was a complete surprise to him.  
It was the turning-point as re-  
garded the financial situation of  
the hall.

"We were faced with a grave  
financial situation owing to the  
cancellation of donations through the  
financial depression of the last two  
years, but the hall is now safe."

Mrs. Morris was a regular wor-  
shipper at the church. Part of

## FLEET STREET UNMASKED?

(Special Air Mail Service)

London, May 1.

Miss Cathleen Mann (Lady  
Queensberry), whose early por-  
traits, exhibited with those of her  
eminent father, Mr. Harrington  
Mann, attracted attention, not  
many years ago, has gone  
far beyond her promise, for  
she has now stepped gaily  
into a position quite her own.  
Her exhibition at Knoedler's Gal-  
lery is as swift, lively, and deli-  
cious a display of portraiture as we  
have seen in recent times. Apart  
from the late Charles McEvoy, it is  
difficult to think of any painter of  
the fashionable world whose  
portraits are so interesting to  
artists. Her colour is faultlessly  
attractive, her drawing has suf-  
ficient strength to hold the  
structure of her design in a  
mesh of glancing detail,  
and she has an unusual gift,  
with a mischievous side, for seizing  
the character of her sitter and ex-  
tending it a little on a side not  
generally perceived.

She has found, for instance,  
something witty and Wendy-like  
in the countenance of Mr. J. B.  
Morton, whose "Beachcomber"  
articles make one look for truculen-  
ce, while Mr. Robert Lynd's long,  
austere face and delicate, Presby-  
terian features have somehow ac-  
quired the wild characteristics of  
a South of Ireland man, with a  
rather wicked grin in place of his  
dismaying smile. Sir John Squire,  
the most solidly painted of all,  
suggests a much milder gentleman  
than the writer we know, and Mr.  
A. G. Macdonell, the best painted  
of all, has a grimace that com-  
pletely escapes his books. Under Miss  
Mann's artistic cunning is Fleet  
Street unmasked? She certainly  
raises that question.

The portrait of Mr. Cun-  
ningham Graham, in her largest  
picture, presents that distinguish-  
ing man with adequate im-  
portance, and the colour scheme  
is arresting, but the work  
suggests too few sittings and  
difficulties in the face yet to be  
overcome. Mr. Jan Tschiefely, the  
man who rode on horseback from  
the centre of South America to New  
York, bringing in alive the two  
horses, with which he started, and  
that man of extraordinary adven-  
tures General Rafael de Nogales  
are other sitters. Of the female  
portraits, "Ballerina," a composi-  
tion of a girl with a black  
cat on her lap, is the most  
distinctly and brilliantly realised,  
and the blue "glass" frame  
suits it exactly. A portrait  
of a small girl in a many-coloured  
jumper and a half-length of Lady  
Alexandra Haig are other particu-  
larly good things.

## ANOTHER TRADE FAIR

### Netherlands Hold Exhibition

The 30th Royal Netherlands In-  
dustries Fair was held at Utrecht  
from March 13th till March 22nd,  
and the expected revival in econ-  
omic conditions caused a consid-  
erable increase in the number of  
exhibitors, which amounted to  
1725 (against 1415 last year), while  
14 nationalities were represented.  
France, Belgium, Switzerland,  
Austria and Poland were repre-  
sented by national sections. On  
the occasion of the visit of a  
great number of French authori-  
ties and businessmen to the Fair  
a "French Day" was held, while  
a "Swiss Day" was held during  
the visit of a number of Swiss  
manufacturers. Italy and Ger-  
many were represented by an  
official enquiry-office, while South-  
Africa once more participated in  
the fair with her own exhibit of  
South-African produce. The Net-  
herlands Colonies were likewise  
present with an interesting ex-  
hibit from the Commercial Museum  
of the Colonial Institute.

The number of visitors to the  
Spring Fair of 1934 exceeded all  
expectations. On some days the  
increase compared to the figures  
of the previous Spring Fair—  
amounted to 33 per cent; over the  
nine days of the Fair the increase  
was 35 per cent. Upon the whole  
the orders, taken one by one, were  
not large, but the great multitude  
of them made up for the disap-  
pointment felt in this respect.

Participants in articles directly  
destined for consumption: food-  
stuffs, luxuries, household-articles,  
etc. did a good business. Great  
satisfaction was felt in the group  
Building-materials and in the  
groups Metal Wares and Machine-  
ry. In textiles and drapery goods  
the turnover were less satisfac-  
tory.

H. R. H. Princess Juliana paid  
a visit on one of the first days  
(and a number of foreign minis-  
ters showed their interest by at-  
tending the Fair.

## FIRST OFFENDERS

### Should They Be Let Off Lightly?

Singapore, May 12.

That no Press reports should ap-  
pear of offences by first offenders,  
formed an interesting debate by  
members of the Straits Chinese  
Reading Club on Thursday night  
at the Institute Hall, Prinsep  
Street, with Mr. Song Ong Siang  
in the chair.

In his lead for the affirmative side,  
Mr. Teo Tiang Seng said that pub-  
lication of offences by first offenders  
in the Press gains public contempt  
for the unfortunate who are subject  
to all sorts of inconveniences and  
usually looked down upon by the  
public. Such an unfortunate should  
receive all sympathy and mercy. The  
object of a Government was to re-  
form offenders. When Press publicity  
was given all chances were against  
them.

Mr. Song Kok Cheng, supporting  
the affirmative leader, said that in  
his opinion the Press should not in  
any respect report offences commit-  
ted especially by offenders for the  
first time. There was no censorship  
over the Press but if the Press  
misused its so-called privilege of the  
"freedom of the Press," the editor,  
publisher and printer of a libel,  
scandal, malicious news, of an in-  
dictment, or in certain cases of  
criminal informations and such mis-  
deeds were liable to an action  
for damages at the suit of the  
party injured. It was deplorable to  
note that a journalist sometimes by  
writing a long-winded and exag-  
gerated report of an offence or  
conviction, did maliciously prejudice  
the already injured parties. Most  
people read the papers in order to  
obtain information, and for the sake  
of pleasure during our leisure hours  
in the afternoon. They needed in-  
teresting and bright articles and not  
the boring and grave reports of  
minor and major offences which do  
not provide at all amusing perusal  
in the daily news.

Duty of the Press  
The duty of the Press should be  
to educate the people and it should  
not maintain the sole idea of lucra-  
tive returns from the sale of the pa-  
pers. A person convicted was sent-  
enced to imprisonment and the  
Press should not further disgrace  
him by making known his offences by  
malicious and exaggerated reports,  
thus inciting the minds of the  
public to have a bad impression and  
ill-feelings towards the offenders.

Mr. Ng Kian Joo, presenting  
his arguments as leader for the ne-  
gative, asked whether the Press  
would be performing its duty to-  
wards the enlightenment of the  
public by suppressing such reports  
of first offenders' cases. Such ac-  
tion in suppressing the reports of  
offences by first offenders would  
amount to hoodwinking the public  
and the world into believing that  
Singapore is a peaceful haven where  
every citizen is law abiding and  
harmless. What benefit would such  
action bring to the colony? In the  
opinion of the speaker such false  
representation of the true state of  
the colony would only bring ruin  
for in the eyes of the world the  
colony would be "none other than  
a white-washed sepulchre where  
worms breed freely." The speaker  
cited the Popejoy murder case and  
asked what would have been the  
situation of the Press if they had  
to leave out that report just because  
the murderer was a first offender.

Mr. Ng Peng Kiang, in support-  
ing the negative side, if a person  
willfully committed a crime he should  
be punished and due publicity  
should be given so as to open the  
eyes of the public that all crimes are  
punished irrespective of whether it  
is a first offence or not. If all first  
offenders were allowed to escape  
publicity there would be a tendency  
of encouraging more first offenders.  
It is the fear of publicity that makes  
a man think twice before he com-  
mits any crime.

When a vote was taken the af-  
firmative side won by the odd vote in  
fifteen.

## A REMARKABLE STORY

### Alleged Shelling of Coastal Village

Chinkiang, May 2.

Much furor has been stirred  
up among the local populace of  
Kaopukow at Changshu, Kiangsu  
Province, over the unwarranted  
bombardment of that town by a  
mysterious gunboat anchored  
about two miles off the Yangtse-  
kiang on April 27th.

Changshu authorities have re-  
ported to the Kiangsu Provincial  
Government at Chinkiang confirm-  
ing the bombardment, unable,  
however, to ascertain to what  
country that gunboat belongs.  
Two cannon shells have been sub-  
mitted to the Government here as  
proof of the bombardment—Central News.

## ECHO TO POPEJOY MURDER

### Death Sentence Received Calmly

Singapore, May 11.

Thus ends the most sensational  
criminal episode of recent years  
in Singapore, an episode which  
has been watched with the most  
intense interest from first to last  
by all communities. At all stages  
the court proceedings have been  
followed by crowds of unprece-  
dented size. The preliminary  
hearing in the police court oc-  
cupied three days, and the trial  
at the Assizes had lasted over  
seven full days but on every day  
the court house has been crowded  
to capacity, all seating and stand-  
ing accommodation being taken  
and many people standing about  
throughout the day.

"I Leave It To Your  
Lordship"

When the verdict of the jury  
was intimated to him by the in-  
terpreter, Mak Wing Chung made  
no sign, though he wore an expres-  
sion of bewilderment mixed with  
fear. In reply to the judge's ques-  
tion as to whether he had anything  
to say as to why sentence of death  
should not be passed, he said "I  
leave it to your lordship."

Mr. Justice Gerahy dispensed  
with the formality of the black  
cap in passing sentence.

The words of sentence had bare-  
ly passed the judge's lips before  
the manacles had been replaced  
on the hands of the condemned  
man, and he was led away through  
the crowd to the cells by a posse  
of Malay police constables.

It was a considerable time be-  
fore the court house was cleared  
of the large crowd, but there was  
no disorder.

## "KING OF MOSLEMS"

### Strange Rumours Sur- round Mysterious Briton

Peking, May 11.

Prominent Peking Mohammed-  
danis revealed to-day that Mr.  
Khalid Sheldrake, a Briton, self-  
styled "King of Islamistan," is  
due in Peking within a week.

He was said to be coming here  
from Sinkiang where, during  
secret conferences, he arranged  
to proceed with his court during  
the summer to Sinkiang and  
establish an independent Moslem  
Empire there. Local Mohammed-  
dans quoted him as saying he was  
ready to resist British, Russian,  
and Japanese efforts to dominate  
Chinese Turkestan.

The Grand Hotel de Pekin con-  
firmed the fact that Mr. Shel-  
drake, who claims the presidency  
of the Islamic Association em-  
bracing 7,000,000 Moslems, has re-  
quested reservations for the mid-  
dle of May.

Local Moslems, who have long  
been worried because of the  
mystery surrounding his where-  
abouts are arranging an elaborate  
and picturesque reception for  
him upon his arrival in Peking.

It will be recalled that Dr.  
Sheldrake visited Hong Kong  
several months ago when he de-  
livered a series of lectures at the  
Mosque.

shu, Kiangsu, the local Yi Shin  
Pao publishes in its to-day's, is-  
sue a report from its special cor-  
respondent at Changshu of what ac-  
tually happened on April 27th.

Much excitement was created  
on the afternoon of April 27th,  
the dispatch states, when suddenly  
a gunboat anchored off the Yang-  
tszekiang bombarded Changshu.  
The bombardment, according to  
the report, started at 2.30 o'clock,  
subsiding at 4.20.

According to fishermen nearby,  
the dispatch adds, the gunboat  
was a Japanese boat, but official  
circles ignore such guessing evi-  
dence pending further official in-  
vestigation.

During the bombardment, a  
police patrol was sent immediately  
to the river bank to ascertain the  
"nationality" of the gunboat, but  
on account of the thick smoke re-  
sulting from the firing, they were  
not able to see clearly what flag  
the gunboat was flying.

After a frantic search in the  
city, two cannon shells were dis-  
covered, each weighing more than  
ten pounds. According to Wang  
Kwen-shan, Chief of Police at  
Changshu, the shells bear the mark  
of a Chinese character "Wu," the  
size of a melon seed, and another  
mark "A."

GOLF V. ANNO  
DOMINISixty-Three But Still  
Strong

(Special Air Mail Service)

London, May 1.

To have got through four rounds of the "close" golf championship before meeting defeat was a fine performance for Mr. R. H. de Montmorency. He is 83, and retired from his Eton house mastership seven years ago.

He will have to maintain his form for only a few more years to accomplish the difficult feat of going round in fewer strokes than his years. Indeed, I do not think there is any record of this having been accomplished on a full-length course, except by a net score; that is, after deducting the player's handicap.

At the age of 85 Mr. Abercromby the popular founder of Addington Golf Club, succeeded in handing in a net score of 83 and even celebrated his seventieth birthday three years ago with a round of 70, playing from a handicap of 9. Lord Lurgan about the same time did a net 68 at the age of 72 from a handicap of 10. These are all magnificent performances.

## Low Scores

The lowest known scores stand to the credit of Mr. C. C. Aylmer and George Duncan, who have holed out at Ranelagh and Axenfeld respectively, in 56. James Braid, who once did a 57 at Haderwick, near Dunbar, and J. L. Black, who went round the 6,000-yards Claremont course in California in 58.

But they were all young men at the time of these feats and were not playing under the strain of a championship. Walter Hagen's 57 in the second round of the Open Championship at Muirfield in 1929 is still unequalled in championship golf.

But he is run close by Mr. Bobby Jones's brilliant qualifying rounds at Sunningdale (68 and 66) in 1926 and his 68 in the second of the championship at St. Andrews in the following year.

This latter effort had been equalled by J. H. Taylor at Sandwich in 1904, by Ernest Gray at Prestwick in 1908 and by Walter Hagen at St. Anne's in 1926.

OLD RESIDENT  
LEAVINGMr. W. E. Rayner's  
Reminiscences

Singapore, May 11.

Mr. W. E. Rayner, who has been connected with the firm of Derrick and Co. since he arrived here in 1910, leaves on retirement tomorrow. He sails by the a.s. Dempo, and intends to settle down on the French Riviera.

Although he has not chosen to make Malaya his home as several old Malaysians have done on retirement, Mr. Rayner told a Singapore free press reporter that he will always look back on his life here without regret.

"When I first came here as a young assistant," he said, "things were very different from what they are today. The young European's duties in those days were very much the same but social amenities were nothing like they are now. After office hours we either played games or spent the time drinking. Contrast that with the tea-dances of today, the hotel entertainments, the fine cinemas, theatres, and the greatly enhanced opportunities for sport."

"Then of course, there are the motor cars and taxis which make things ever so much easier. I remember the time we used to make somewhat hazardous journeys down to office in our rikshas, all dressed in the then conventional white 'tutop' with our tiffin baskets balanced between our legs. The riksha boys raced each other into town and collisions and upsets were not infrequent."

## Old Volunteer Artillery

Like most of the other young assistants of those days Mr. Rayner was a keen volunteer. Col. G. A. Derrick, the head of his firm, was in command then, and Mr. Rayner joined the artillery section. The fort along the West Coast, now a mass of ruins, was in good order then and the volunteers had their training there, handling the 9.2 and 6 inch guns of which now only the emplacements and mountings are left.

When the war broke out the volunteers were mobilised and did garrison duty at the forts at Blakang Mati. When the mutiny broke out the volunteers were called into active service.

The life of a business man in Singapore is divided up into periods of slump time and prosperity. Mr. Rayner arrived when things were not too bright. But there came the boom of 1919 only to be followed by a slump and years of rubber restriction. Bright days dawned again and 1925 saw another boom. After that—well, we all know what has happened since then.

Col. Derrick, who was senior partner of the firm at the time of Mr. Rayner's arrival in the Colony, is, by the way, still hale and hearty. Nine years after his arrival Mr. Rayner became a partner. "Business was rather slow in those days," he said, "and not so strenuous but profits were more easily made."

## When Profits Were Easy

It was only when one came to the eve of leaving Singapore for good that one realised the great changes that had taken place in the city he went on to say.

The most notable were the replacement of old-fashioned buildings by the handsome modern buildings of present-day Singapore. The passing of the horse and carriage and the coming of the motor car was another great change, and looking back one could survey in order the big development works the transformation of jungle-land into beautiful golf-courses, the damming up of mountain streams in Johore to provide wonderful reservoirs.

Mr. Rayner was married in Singapore in 1928.

In the course of a review of motor accidents in the city during the last three months, which was given on this page yesterday, it was revealed that owner-drivers were responsible for 105 accidents whereas during the same period last year they were responsible for 95 accidents.

One of these careless owner-drivers may one day figure in an accident like this:—

Motorist (opening his eyes after accident)—"I had the right of way, didn't I?"

WOODFULL AS  
A SPEAKER

(Special Air Mail Service)

London, May 1.

A Feature of the lunch given to the Australian cricketers yesterday was the proficiency of Woodfull as a speaker. He spoke easily and fluently for at least ten minutes.

The Prime Minister, who wore a brown tweed suit, suggesting somewhat inconsistently, the golf course, was significantly emphatic in stressing at some length the desire for friendliness among all concerned in the coming Test matches.

The Dominions Secretary was in his best facetious form.

The "apprehension" of a previous speaker gave Mr. Thomas a splendid opportunity to transpose the aspirates of that word in traditional fashion.

He was humorously contemptuous of the unconvivial beverages which the Australians would be likely to receive if they accepted the Premier's offer of hospitality in Scotland.

This projected debauch, he thought, would be limited to "ginger-pop" to the accompaniment of "O God, our help in ages past."

## STANDING FOR TWO SEATS

The death of Mr. Wallhead, the member for Merthyr Tydvil, creates a second Parliamentary vacancy. The other is West Ham. Both constituencies have had Keir Hardie as their member.

Keir Hardie became member for Merthyr in somewhat curious circumstances. He had lost his West Ham seat through the withdrawal of Liberal support in 1895. At the 1900 election he stood for both Preston and Merthyr Tydvil. At Preston he was beaten, but in those days a General Election did not involve simultaneous contests. Hardie had just time to campaign at Merthyr, where he was successful, and which he represented for the rest of his life.

## Regain New Health

NEURASTHENIA is not a definite disease, but rather a perfect mixture of diseases. The commonest symptoms are general weakness and irritability, difficulty in mental concentration, disinclination for work, weakness of memory, headache, sleeplessness and awkwardness of movement. Other symptoms such as loss of weight, loss of appetite with pain and discomfort after meals, breathlessness and palpitation on slight exertion may also develop.

Miss Butterfly Woo In Chinese Film

Those who like to note how far advanced Chinese talking films have got in recent years, should not miss the opportunity of seeing the current attraction at the Alhambra Theatre showing Miss Butterfly Woo, one of China's most popular movie-stars in a talking-singing picture called "Two Sisters."

The show proved a great success in Shanghai where it drew crowded houses for sixty days and the presence of this film in Hongkong has provoked great excitement in Chinese circles. Those who saw the picture yesterday are unanimous that Miss Woo has reached new heights in this film, which has been described as "China's greatest picture."

## £40,000 FOR ONE FILM

George Arliss And The British Picture He Is To Make

(Special Air Mail Service)

London, May 1. Mr. George Arliss, in the Bremen, speeding towards his annual holiday in England, talked to me today by wireless telephone about the British film he is to make. Or rather I talked to Mr. Arliss. Gaumont-British announce that he is going to make a film for them in London in August, and I learn most reliably that he is to have the colossal and record sum of £40,000 for a British film for the job.

Asked if this figure were correct, Mr. Arliss said: "That is a private matter which I refuse to discuss."

## BEBE LONDON & AN AUSTIN

Got In—But "Could"nt Get Out

"The first car I ever bought," says Bebe London, Stage and Screen Star, from Hollywood, "was an Austin. I pulled a fast one over on the boy friend and I'll tell you how I did it. It was back in the days when the Austin Car was a curiosity and not a gas buggy."

"We were at the Austin sales rooms in Los Angeles, and a salesman came up to me and said, 'Get in and try it.' So I squeezed in and everything was O.K. until I tried to get out. And let me tell you, trying to squash two hundred and sixty pounds out of an Austin in those days was no small job. The doors seemed smaller when I tried to get out and the wheel jammed me under the chin. And there I was... I got in, but couldn't get out! My husband thought of dynamite but the salesman suggested that I either get out or buy the car. So the boy friend bought and I was forced to spend three weeks in the darn thing out in the garage, on a diet. I fell away to the size of a barrel hoop, and then when I did get out, I was pushed out and in doing so I took the whole side of the car out with me."

"But things are very different nowadays. I found the new Austin just as roomy and comfortable as any other make of car. The doors are wider which makes it so handy... well, why go on! 'Now that speaks well for the new Austins because I am now at my normal tonnage. I fell out of the latest model, flat on my face, just as gracefully and easily as if I'd been coming out of a speaking."

Miss London expects to make a personal appearance here before continuing on her way around-the-world with her husband.

## "SLEEPERS EAST"

Tense Drama For The King's

"Sleepers East," Frederick Nebel's best-selling novel makes its appearance as a Fox Film production at the King's Theatre on Thursday. The film is slated for an engagement of three days. Wynne Gibson has the feminine lead in this dramatic picture of a girl who could not make good in the city of her choice, but who comes back to find herself the star witness in a crime that threatens the careers of many prominent people.

The story concerns itself with a young woman who is out on parole and down on her luck. She accepts a job as a paid companion at a bachelor party. After one of the evenings of festivity she visits a gambling house in the company of the Mayor's son, a drunken spendthrift. While there, he picks an argument with the proprietor

and kills him. The girl, the only witness to the crime, flees to her home town. There she meets her childhood sweetheart, who is still deeply in love with her. In the meantime, the Mayor and his grafting henchmen, seeking to win the coming election, pin the crime on a public enemy. A prominent attorney learns the truth of the murder, and goes in search of the girl while the trial is in progress. He locates her in Ohio, where she has gone to avoid the sincere attentions of her sweetheart. On the train eastward, a tense battle of wits, plots and trickery takes place. It is a fight on one side to get the girl to the trial, and on the other to prevent her from testifying. The outcome of this battle is said to bring the film to a tense and dramatic climax.

Preston Foster has the masculine lead opposite Wynne Gibson. Other members of the cast are Mona Barrie, Harvey Stephens, Roger Imhof, J. Carol Nash, Howard Lally and Suzanne Karen. Kenneth MacKenna directed from the screen play by Lester Cole.

## DANCE CONTEST

Mr. Tommy Lee And Miss Bella Ma First

The competition organised in connection with "Scandal's" a Fox Film coming shortly to the King's Theatre, drew a very large attendance to the tea dance held at the Hongkong Hotel yesterday.

The successful competitors were invited to the final to be held on Saturday. Only the numbers of the first three pairs were announced last night, but it is understood that the first pair were Mr. Tommy Lee and Miss Bella Ma.

The second competition takes place this evening.

The boy looked puzzled "I understand," he said slowly, "but what do I do if someone shuts the door?"

## A TRYING TIME

In "Search For Beauty"

A unique problem in motion picture production was solved at the Paramount studios when the thirty international contest winners in "Search for Beauty," now playing at the King's Theatre started a system of self-government.

The studio was temporarily stymied during the first few days the newcomers were on the lot in the matter of contacting them for studio calls. The thirty young men and women had been gathered from every English-speaking country in the world, and many were bewildered by problems of custom and travel.

With all of the thirty quartered at the Roosevelt hotel, and with various individuals and groups being wanted at the studio for different purposes, gray hairs were sprouting for those seeking to contact the contestants.

Then came the happy solution, with a girl designated as captain of the fifteen girls, and a youth named to serve with the fifteen boys. All studio calls were made to the captains, and they were responsible for rounding up the individuals desired. The contestants, in turn, were required to check in and out with their respective captains.

The picture, "Search for Beauty," was directed by Erle Kenton from a play by Schuyler E. Grey and Paul R. Milton. In addition to the thirty contest winners, the cast

THE SCREENS GREATEST NOVELTY!

"FASHIONS OF 1934"

First National Score Again

First National has done it again. In "Fashions of 1934" starring William Powell which was seen yesterday at the Queen's Theatre, they have come to bat with another smashing hit that kept audiences roaring with laughter and held them with breathless interest, marvelling at the rare beauty of the Busby Berkeley spectacles.

Comedy drama it is, but there is a magnitude about the picture which lifts it far above the usual in this type of production. For it combines mammoth spectacle with its spicy romance and hilarious situations.

The story by Harry Collins and Warren Duff is not only timely, up-to-the-minute, as is usual with the film fare of the associated Warner-First National companies but it reveals for the first time on the screen the unique and highly amusing methods employed by unscrupulous shop-keepers who steal and copy exclusive fashion designs from the world famous couturiers.

Majesty of fashion will now learn how it is that her maid or her cook can blossom forth in the latest of Parisian gowns, identical with her own, for which she has paid fabulous sums because of their exclusiveness. No secret in fact in the art of faking and purloining costume designs is left unrevealed.

A spectacle of special interest to women is a magnificent fashion show set in the background of one

of the most fashionable Parisian shops. The shop itself is a thing of beauty but the gorgeous creations in evening gowns and wraps, sport suits, riding and hunting costumes, negligees and lingerie, are calculated to stir the interest and admiration of every woman. These are displayed by more than a score of beautiful mannikins who strut their stuff on an unique revolving platform.

As if this were not enough, the picture goes on to present a show within the main show, a musical revue a la Moulin Rouge, in which Verree Teasdale sings a catchy air while 200 stunning looking girls pirouette and whirl behind ostrich feather fans.

This mammoth spectacle, a most beautiful and revealing fan dance, is staged as only that master of musical creations, Busby Berkeley, who is the genius of the specialty numbers of "Footlight Parade," "Gold Diggers" and "42nd Street," could do.

William Powell, who has the role of a dashing, high pressure promoter, enacts his part with more than his usual good humour and forcefulness. This is the sort of role at which Powell is best, and he makes a most amusing and personable character of the scamp promoter whose schemes to corner the Paris fashion mart lead to romantic entanglements and hilarious situations.

Bette Davis is more charming than ever as Powell's co-conspirator and the rival with Verree Teasdale for his love. She plays her part with an ease and naturalness that is always pleasing. And her blonde beauty and avelte figure act as a perfect foil for the dark and tall Powell.

The direction has been well handled by William Dieterle from an excellent dramatization by F. Hugh Herbert and Carl Erickson.

## FORGERY ALLEGED

Cast Against Bank  
Director Withdrawn

The case against Wong Yun Tong, a director of the Bank of East Asia, for feloniously forging the signature of Wong Shut On, with intent to defraud, to a deed of transfer, and against his brother, Wong Wai Pak with aiding and abetting, was withdrawn by Mr. F. Milton at Central Magistracy on Saturday on the application of Mr. H. L. Denny who appeared for the complainant.

The deed was for the transfer of 50 shares alleged to have taken place between May 1919 and February 1933.

Mr. Denny in making the application said:—

"In this case it is common ground that the transfer was in fact signed by Wong Yun-tong in the name of my client, Wong Shut-on, and this proceeding was started. Since then I have ascertained that the facts, which my clients admits, are as follows:—

"The 50 shares were in fact bought by Wong Yun-tong for my client in 1919, by Wong Yun-tong drawing on the funds of the Cheong Shing Loong Firm, and debiting my client's account in that firm. When the bonus shares were issued they were also taken up by Wong Yun-tong on behalf of my client, and in both instances without even reference to my client, who was in Japan. The shares therefore stood in the records of the Bank in the name, it is true, of my client Wong Shut-on, but this name was all along signed for by Wong Yun-tong. "My client was indebted to the Cheong Shing Loong Firm, and in November, 1932, Wong Yun-tong sold those shares at a proper price and credited my client's account with the proceeds, and reduced his indebtedness to the firm by this amount.

## No Stain On Character

"On these facts I have no hesitation in saying that there was absolutely no criminal intent or any other criminality on the part of Wong Yun-tong.

"As regards Wong Wai-pak, he was aware of all the circumstances, and he witnessed Wong Yun-tong's signature bona fide, and in his case also there was absolutely no criminal intent or any other criminality. On behalf of my client I regret the inconvenience to which they have been put, and I ask the Court to allow me to withdraw on the terms that both defendants leave this Court without any stain or reflection upon their character and reputation, which is very high indeed in the commercial community."

"Mr. M. K. Lo, who appeared for the defence, said that he would like to associate himself with Mr. Denny's remarks.

If necessary, he would have produced records of the firm and also of the Bank of East Asia which would have borne out what Mr. Denny has already said.

In granting the withdrawal, Mr. Hamilton said that he hoped that the matter, which was apparently a family matter, would be amicably settled. He discharged defendants without a stain on their characters.

## NO PASSPORTS

Two Russians Charged

A charge of entering the Colony without passports was preferred against two Russians, Dmitri Vasilievich Kuznetsov, and Vasil Michael Ivanoff before Mr. Hamilton at Central Magistracy on Saturday.

Detective-Sergeant Mottram who prosecuted, said that defendants were arrested last Thursday in Kowloon City by Inspector Andrews. After pawing a suit for \$150, the men were hiking their way to Canton.

Kuznetsov, who had been imprisoned in 1931 for a similar offence, was fined \$250 in default six months' hard labour.

An order for the expulsion of Ivanoff was made.

Mr. Hamilton (to Ivanoff): "I am sorry, but if you ever come back to Hong Kong again, I will sentence you to six months' imprisonment."

Ivanoff: "I shall never come back again."

## GAMBLING HOUSE RAIDED

Poor Box Enriched

A fine of \$50 or in default six weeks' hard labour was imposed

upon a Chinese named Ngan Kiu Kwong, who was brought before Mr. Wynne-Jones at the Kowloon Magistracy on Saturday morning on a charge of running a gambling house at No. 38, Halphong Road, ground floor, Tsim-sha-tui.

Twenty-three other men, who were gambling there when the place was raided, were each fined \$2 or three days' hard labour.

A sum of \$1280, which was garnered from the table during the raids, was ordered to be placed in the Poor Box.

UNLAWFUL POSSESSION OF  
OPIUM

Chinese Heavily Fined

A charge of unlawful possession of eight ounces of prepared opium was preferred against a Chinese named Wong Yu, before Mr. Wynne-Jones at the Kowloon Police Court last Saturday morning.

It was stated that the accused was the principal tenant of No. 254, ground floor, Tai Nam Street, Sum-shui-po, and the prepared opium was found hidden in separate parts of his house.

The defendant pleaded guilty and a fine of \$840 or in default four months' hard labour was imposed.

In addition to the fine, an order for the confiscation of the prepared opium was also made.

## BANISHEE RETURNS

Arrested and Sent to Prison

A Chinese named Lee San, a returned banishee, pleaded guilty before Mr. Hamilton at the Central Magistracy on Saturday morning, on a charge of returning to the Colony before the term of his banishment had expired.

The Police stated that the accused was banished from the Colony only two months ago for a period of ten years, but was seen and arrested by a Chinese detective in Queen's Road West, last Friday evening.

A sentence of six months' hard labour was passed.

## OPEN-AIR SWIMMING POOL

The surveying of this open-air swimming pool has been completed by the Canton Public Works Department, and it is said that a piece of land near the Lin Chuen Monastery has been chosen for the establishment of this bath.

## FIDELIO

At Covent Garden

(Special Air Mail Service).

London, May 1.

What promises to be the most brilliant season in London since the war, opened last night with the production of Beethoven's "Fidelio" at Covent Garden.

The boxes and stalls were thronged with a most distinguished audience.

A Royal dinner party took place in the restaurant at Claridge's, where the King and Queen of Siam entertained Princess Helena Victoria and Princess Marie Louise at dinner before driving to the Opera.

"Fidelio"—Beethoven's only opera—is one that has not been given at Covent Garden for seven years, and was therefore a novelty to quite a large section of the audience.

It is as Mr. Richard Capell (whose notice of the performance appears on Page Ten) says, a work which portrays the heroic combat of its time—a hundred years ago—for liberty against tyranny, and Sir Thomas Beecham's conducting gave it all the eager vitality that it needed to make it a thing of simple—if rather naïf—grandeur.

## Audience Rebuked

Sir Thomas Beecham administered a sharp rebuke to a section of the audience for ill-timed apparently ignorant of the practice of playing the overture "Leonora No. 3" between the two scenes of the last act, these enthusiasts broke in with applause during the solemn Adagio of this overture, whereupon Sir Thomas turned his head in an angry tones demanding silence.

Besides those who crowded the Opera House, thousands of people, who neither penetrated to the stalls nor risked the rigours of the queue, were able to appreciate the opera's beauties.

The first act was broadcast—and during the season this practice will be continued by the B.B.C.—The Daily Telegraph learns that fees totalling about £10,000 will be paid by the B.B.C. for this series. A similar financial arrangement was in force last year.

In 1930, it will be recalled, the Government announced an annual grant of £17,000 for opera, to be paid to the Covent Garden company by the B.B.C., who were to add another £7,500 from their own funds. In 1932 the Government withdrew the subsidy, and since then the B.B.C. has made certain payments for the broadcasting of opera from Covent Garden.

## SHORT CUT TO SHANGHAI

The Director-general of the Chinese Postal Service was more optimistic than original when he stated yesterday, that the new German air mail from Shanghai to Berlin by way of Chinese Turkestan would open shortly.

This encouraging announcement (the line will more than halve the time taken by air mails to the Far East) has been made repeatedly in the last two years.

Nothing is likely to come of it for some time. At present the Europe airplanes fly intermittently up to Uranchi (Tihwa).

But civil war in Chinese Turkestan prevents their getting any farther—a process which it is never becomes possible at all, will not be facilitated by the incompetence of the authorities in South Russia.

## SICK MAN COSTS

£900 A DAY

Influenza Holds  
Up Film

(Special Air Mail Service)

London, May 1.

Work on the British film, "The Private Life of Don Juan," has been suspended.

This means a loss to London film Productions of approximately £900 a day, and more than 100 people at Elstree will be temporarily unemployed.

All that has happened because Mr. Alexander Korda, producer of "The Private Life of Henry VIII," and "Catherine the Great," has contracted influenza.

"He probably caught it from me," Mr. Douglas Fairbanks, sen., told a London reporter yesterday. "I have just had it. Now we are doing what we can without him."

"The Private Life of Don Juan," which includes Benita Hume and Douglas Fairbanks, sen., in the east, is almost the most elaborate film Britain has produced. Mr. Korda has lately worked 12 hours a day in the studio and then gone to a conference at midnight.

DEATH OF MR.  
C. B. COOPERPopular Member Of  
Malayan Bar

Singapore, May 11.

The death occurred at the General Hospital, Singapore, yesterday afternoon, of Mr. Cyril Blair Cooper, the well-known and popular lawyer, member of the Messrs. Wong and Cooper, Johore.

Mr. Cooper, who was 50 years of age, had not been in good health for some time past and recently he developed pneumonia.

Born in Singapore on May 29, 1884, Mr. Cooper was educated at Raffles Institution. He became a member of the Honourable Society, Gray's Inn in 1905 and was called to the Bar in 1908, being admitted to practice in Singapore and Johore the following year.

During his school days and early manhood he was a fine athlete and for a number of years was without rival in the weight-putting event at the S.C.C. sports. For many years, too, he was one of the most prominent soccer players in the country. Later he turned his attention to tennis.

He was also keenly interested in amateur theatricals. It will be remembered how successfully he played the part of the judge in the "Trial of Mary Duggan," which the Singapore Amateurs staged a few years ago.

Mr. Cooper was also well-known as a collector of old china and had probably the finest collection in Malaya. He was also an orchid enthusiast.

A most entertaining raconteur Mr. Cooper had a fund of interesting stories of legal men and affairs, and at one time contributed a series of excellent articles on old Johore to the turn-over column of the "Singapore Free Press."

Mr. Cooper's family came to Malaya many years ago. His father, who was an engineer by profession, was drowned when Mr. Cooper was a child. Mrs. Cooper, his mother, later married Capt. J. F. Daly. Two of his three sisters are well-known in Malaya. One of them is the wife of Mr. H. B. S. Zehnder. The other married the Hon'ble Dr. Noel Clarke. The third sister is the wife of Capt. Vyner, who is in Jamaica.

FILM TESTS, NEW  
STYLEWhat Chorus Girls  
Must Know

(Special Air Mail Service)

London, May 1.

Whether or not it is to be regarded as an Act of National Recovery, the American chorus girl of to-day is expected to possess wit as well as art. The candidates for parts in a recent Hollywood musical had, it is reported, nine questions to answer before they were accepted for camera tests. These were:

1. In what year did the World War end?

2. What does "CWA" mean?

3. What is the capital of New York State?

4. Who is George Bernard Shaw?

5. Describe the Darwinian theory in one word.

6. Who is Vice-President of the United States?

7. On what date does Decoration Day fall?

8. How many licence plates are required on an automobile in most States?

9. When it is noon in New York City, what time is it in Pacific Coast cities?

Of the fifty girls finally chosen for the film's chorus, nineteen are reported to have answered all these questions correctly and fourteen missed only one. The exact proportion of correct answers given by the other seventeen is not stated, but it is safe to assume that the record was praiseworthy, as all candidates who missed more than three questions were automatically disqualified as unfit for studio work.

Now we know what is wrong with British films.

## LESSON SERMON

First Church Of Christ,  
Scientist

"Mortals and Immortals" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, May 20th.

The Golden Text was: "As we have borne the image of the earth, we shall also bear the image of the heavenly" (1 Corinthians 15:49).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "For this corruptible must put on incorruption, and this mortal must put on immortality. So when this corruptible shall have put on incorruption, and this mortal shall have put on immortality, then shall be brought to pass the saying that is written, Death is swallowed up in victory. O death, where is thy sting? O grave, where is thy victory? The sting of death is sin, and the strength of sin is the law. But thanks be to God, which giveth us the victory through our Lord Jesus Christ" (1 Cor. 15:53-57).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "By putting 'off the old man with his deeds,' mortals 'put on immortality.' We cannot fathom the nature and quality of God's creation by diving into the shallows of mortal belief. We must reverse our feeble flutterings—our efforts to find life and truth in matter—and rise above the testimony of the Material senses, above the mortal to the immortal idea of God. These clearer, higher views inspire the God-like man to reach the absolute centre and circumference of his being" (p. 282).

As the result, the rivers nearby all overflowed and flooded the whole district, causing many houses to collapse, bringing about a heavy loss to that district.

It is reported that the situation would be more serious if the waters do not subside at an early date.

## CANTON AND NANKING

## Tension On The Wane

From Our Special Correspondent

Canton, May 18. Tension between Canton and Nanking seems to have allayed considerably during the past few days, there being no concrete evidence to show that the Central Authorities have any hostile intentions towards the South-west.

Mr. Chow Lu, official spokesman of the South-west Political Council, stated in an interview that there is yet no confirmation of the transfer of Nanking troops under General Liu Chih from Honan to Hunan, although this movement is closely watched here.

"There is no truth in the report that the South-west will call a meeting of the provincial delegates here in connection with important national problems," Mr. Chow continued. "The attitude of the South-west towards national issues remains the same as before."

"Serious study has been made into the foreign policy of the South-west administration. However, important policy can be decided by the South-west Political Council in an informal manner, hence there is no necessity of forming a Foreign Affairs Research Committee."

Mr. Chow's remarks disclosed nothing sensational notwithstanding the release of considerable hot air of late. There seems to be two schools of thought here concerning the current situation. One view confines to activities within Kwangtung, and another school desires more concern in national affairs.

It was learned from reliable sources that unless Nanking desires to have a hand in the affairs of Kwangtung, there will be no open split between the South-west and the Central Authorities. In such circumstances, peace and good order are likely to prevail in this part of the country.

The military authorities are taking a serious attention in the military defence of Kwangtung. If Nanking continues the present attitude towards Canton, there is a possibility of no-operation for the safeguard of national territory.

## NEW SHIPS FOR CHINA

## Construction in England

From Our Special Correspondent

Canton, May 20. The China Merchants Steam Navigation Company will have four brand new steamers running regular service between Canton and Shanghai via Hongkong, Swatow, Amoy, and Foochow.

These four ships are under construction in England with 3,400,000 borrowed from the British Boxer Indemnity Funds. Named as Hai Yuan, Hai Lee, Hai Heng, and Hai Ching, these four coasting vessels are being built with latest designs and equipped with engines of new pattern.

Intended to carry passengers and cargo, the four ships will be ready by September and will sail immediately for China expecting to reach Shanghai in October. Then they will be placed on the Canton-Shanghai run via ports.

Engineers and masters of the new vessels are on their way to England to study the manning of these ships. The new engines requires special operation which the engineers have to learn in the British dockyard. The masters will navigate the steamers to China.

## AIR ACCIDENT AT CROYDON

## Second In A Week

London, May 20. The second accident within a week involving an air-france liner has occurred at Croydon. A liner was nearly over the aerodrome when the engine failed and forced it to land in a field. The liner crashed against a fence. The under-carriage was wrenched off and three propellers bent. All the passengers were thrown in a heap, but only one woman passenger was injured. — Reuter.

# If Gossip We Must

BY "PRUDENCE"

Brilliant sunshine ushered in the Fifth Extra Race Meeting. It was almost overpoweringly hot, and light spring frocks were the order of the day.

I find the Cosmopolitan fashions that one sees now-a-days, at the Races, most intriguing. There were a great many pretty Chinese girls to be seen last Saturday, looking almost miraculously slim and willowy in their sheath-dresses. Now that these are all slit, right up the thigh, one gets more than a glimpse of the smooth perfection of their beautifully modelled legs. The dress worn by the Indian ladies is essentially graceful too, and their brilliant silks and transparent scarves are most becoming. There is not much "line" about the latest European and American fashions but the colours are delightful, and all sorts of fresh spring yellows and greens were much in favour.

One of the first people I noticed was Mrs. R. M. Henderson, who looked most charming in emerald-green patterned silk with a wide Le-ghorn hat. Mrs. Stanton looked immensely smart in sage-green, with a big white collar. Mrs. Stevenson wore a delightful shade of peridot-green with a tiny flower-pattern, and with it, a wide green hat to match. Mrs. Simmons in eau-de-nill still looks a little pale and fragile, but seemed to be thoroughly enjoying the racing. Mrs. Alfred Lamert, too, was much interested in her first Hong Kong Race Meeting, and looked absolutely beautiful in almond-green.

## A JAUNTY CAPE

I fell in love with Miss B. Walker's most provocative little white

hat, and the jaunty cape of pique, which Miss Sheinton wore over her dress of cowslip-yellow. She, by the way, was one of the lucky people who got the double, and I rather think that Miss Margaret King (very cool and slender all in brown and white stripes) was another.

Little Miss Mavis Glendinning seems to be very keen on racing, and turns up at quite a number of these meetings. She looked very gay and pretty in lilac.

Mrs. Walsh had a most attractive ensemble of white and saffron. Mrs. Ralston was all in white, and Mrs. J. H. Little, too, looked delightfully fresh and cool in ivory silk.

I never feel quite sure which is Betty and which is Beryl Faire when they are dressed alike, but it was quite easy to tell on Saturday, since Betty was in pale green and Beryl wore white and brown.

Miss Dowbiggin looked very "Asco" in charmingly banded blue and gray chiffon, and so did Mrs. Peter Williams in china-blue and white with a picture hat.

Mrs. MacGregor had a most attractive dress of white silk, checked with blue, and a hat en-suite. Mrs. Bellamy wore a brown and white diamond-check with a brown Tagel-straw, and Mrs. M. H. Turner was very smart in lawn and white with a high neck, finished with a big bow-tie. Mrs. White-Smith wore white and orange voile, and Mrs. Sommerfelt looked very dainty in white and navy-blue. The "Two Inseparables" were there of course, looking very chic as usual, one in daffodil yellow and white, and the other in bluish pink, with a very demure white Quaker collar.

## A GOOD START

There was a big field for the last race on the programme and congratulations are due to Mr. Alec Potts for the best start seen this season. Every one of the twenty started in line and evenly spaced, when the gate went up. It was a great pity the race was marred by the bad behaviour of "Rose Leaf" and most unfortunate that Mr. Mossop was so badly hurt, breaking his leg. We saw the First Aid people go to his assistance, but it seemed an eternity before the splints and the ambulance arrived. Surely there is generally an ambulance ready at hand at most of the big Meetings? Mr. Barrow might have won on Chivalrous but for his nasty toss. He had a very narrow escape, since he was one of the leaders, but fortunately he was none the worse for his spill and was able to walk in.

The tragic death of Mrs. Hugh-Jones cast a gloom over the Colony last Friday. She was very much liked, and will be terribly missed by a large circle of friends. We should like to take this opportunity of offering our very sincere sympathy to Mr. Hugh-Jones, who received this very sad news by cable, and has already left for Penang.

Quite a lot of interest has been aroused by the forthcoming dancing competition, and I hope that I shall be able to watch the "finals" next Saturday on the Roof Garden of the Hong Kong Hotel.

## LOCAL AND GENERAL

Ten cases of small-pox and 11 cases of meningitis were reported in the Colony during the week ending May 12.

The m.v. "Silversandal" from New York sailed from Los Angeles on April 30 and is expected to arrive in the Colony on or about May 30.

"Shell Transport and Trading Co., Ltd., declared dividend at the rate of 1/6 per share free of Income Tax payable 6th July. Bearer coupon to be presented No. 61."

The Clover Flower Shop have announced that, in view of the fact that they do not cut the flowers in their gardens on Sundays and, therefore, have an extra large supply on Mondays, they are going to sell all cut flowers at half price, until further notice.

By the departure of Mr. J. W. Baldwin by the P. & O. Corru on Saturday, the St. Andrew's Church has lost a staunch member. Mr. Baldwin who had been in the Colony for eight years, had been treasurer and Vicar's warden of the Church as well as a member of the Church Council and choir.

According to a police report, Choi Mui-tong, employed at the Yau Shing Bank, Bonham Strand West had his wallet, which contained \$5,000 in Chartered Bank notes, stolen while walking in Queen's Road Central, near Lee Yuen Street.

Among the passengers who arrived in the Colony on Saturday by the S.S. President Jackson from the North were: Mr. Emil Hoch, the noted author and actor, who is on a tour round the world; and

Mr. Arthur Nicholls, chief constructor for the British Admiralty at Hong Kong, and Mrs. Nicholls.

A touring group of eight journalists representing the Chinese press in Canton and Hong Kong, who arrived in Shanghai in the Dollar s.s. President MacKinley on Monday-afternoon, left for Nanking the following day. During their sojourn here, they will visit the New Civic Centre, Woosung and Kiangwan and inspect local Chinese newspapers plants as well as large industrial concerns.

The body of an unknown Chinese with wounds about the head, was found by the Police on Friday in a temple at Lo Wai Village, Shap Pat Heung, near Au Tau in the New Territories. The man was about 35 years of age and was dressed in a pair of black cotton trousers and a white singlet. A Chinese man and woman have been detained by the Police, who suspect the case to be one of murder.

The Shanghai Chinese Bar Association recently submitted a petition to the Ministry of Justice, requesting it to order the detention house authorities of the Nantao District Court to allow lawyers to interview defendants in detention. In reply, the Ministry authorities stated that during the period assigned for inquiries by the chief procurator of the Nantao District Court, frequent interviews between lawyers and prisoners are likely to obstruct the work of the procurators. Lawyers, therefore, must apply for permission to interview prisoners in accordance with regulations and secure permission from the chief of the detention house.

## PRESIDENT ROOSEVELT'S EXPERIMENT

## Success Of The "New Deal"

Geneva, May 19. The success of President Roosevelt's experiment is statistically measured in a communication to the International Labour Office. A typical passage shows that the average hours of the manufacturing interests of industries, from October, 1932, to February, 1934, decreased by 8.4 per cent. The hourly earnings increased by 21 per cent. Employment rose by 22 per cent, pay rolls by 40 per cent, and productivity by 27 per cent. — Reuter.

## GERMANY'S MEDIUM AND LONGTERM CREDITORS

Berlin, May 19. The International Conference between the delegates of Germany's medium and long term creditors and the Reichsbank has been adjourned until Tuesday. It is believed that this move is not only due to technical difficulties, but also to differences of opinion among the foreign delegates themselves. The journal, "Weserzeitung" declares that nothing less than a moratorium for a period of 18 months to two years, which includes the Dawes, Young and German privileged loans, will satisfy Germany. — Reuter.

## CONTROLLING GROWTH OF OPIUM POPPY

## Chinese Delegate Proposes A Conference

Geneva, May 19. At the meeting of the Opium Advisory Commission, the Chinese Charge d'Affaires at the Bern Legation, Mr. Victor C. Hoo, suggested the convocation of a conference to examine the possibility of limiting and controlling the growth of the opium poppy and the growth and harvesting of the coca leaf. It was decided to place the question on the agenda for the next session. — Reuter.

## MILITARY DICTATORSHIP FOR BULGARIA

### General Georguieff To Form New Government

Sofia, May 19. A military dictatorship entailing the dissolution of parliament and, at least, the temporary suspension of all political party activities was established in Bulgaria on Saturday, following former Premier Muschanoff's fruitless efforts to form a stable Government on a parliamentary basis. Muschanoff informed King Boris on Saturday forenoon of the failure to find the necessary parliamentary support for the Cabinet, and events then began to move with dramatic rapidity. The King immediately entrusted the former Minister of Communications, General Kliment Georguieff, with the task of forming a new Government, giving him full dictatorial powers and at the same time signing a decree dissolving the Chamber. Georguieff lost no time in forming the new Cabinet which was composed of several generals—including General Wateff, who is taking over the Ministries of War and Communications, and General Bogadjeff who is the leader of an influential association of retired officers—as well as former Nationalist Ministers, Todoroff, Moloff, Zacharieff and Midjeff.

An official announcement stresses that the new Government bases its authority on the support of the army. In his appeal to the nation, Georguieff exhorts the Bulgarian people to keep calm and to maintain order, adding that the Government aims to foster friendly relations with neighbouring countries, rehabilitate economic life, combat communism and do away with the operations of political party system.

A state of emergency has been proclaimed, streets being patrolled by heavily armed military guards while machine guns were posted at strategic points. All telephonic and telegraphic communications were partly interrupted and strict censorship has been established, but according to the latest reports, absolute quiet is prevailing throughout the country.

A decree dissolving all political parties, temporarily suspending constitutional guarantees and prohibiting political demonstrations and meetings, will be issued before Sunday morning, according to information obtained from reliable sources.

No elections will be held for the time being. The mass meeting of the extreme nationalist Zankoff party originally scheduled for Sunday also falls under the ban. The former war minister, General Wateff, who was appointed only last week and contrary to first reports, is not a member of the new Government, having been placed on the retired list.—(Transocean Kuo Min.)

#### ARMY OFFICERS' PETITION

Sofia, May 19. Eighty high army officers have petitioned to King Boris to appoint a non-Party Government after a secret meeting following the resignation of the Government. Consequently, a Government National Union has been formed by the Prime Minister, M. Georguieff, the former Minister of Railways, assisted by General Midjeff, Vice-President of the Union of Officers.—Reuter.

Belgrade, May 19. A serious disturbance is believed to have broken out in Bulgaria. It is reported that the Army is blockading Sofia. All telephonic and telegraphic communications are interrupted.—Reuter.

It is reported here that the formation of a new Government in Bulgaria amounts to a virtual dictatorship. It is stated that the Government has issued a manifesto declaring that its aims at guaranteeing peace and contentment and doing everything possible to surmount the serious economic and social crisis.—Reuter.

#### VITAL CHANGES IN POLICY

Sofia, May 20. Important international developments may follow the coup d'etat. The new Government is expected to make a vital change in foreign policy to secure an alliance with Yugoslavia wherewith to pursue M. Panslav's policy.

It is reported that M. Mihailoff, the Macedonian leader and a number of his supporters have been arrested. If it is true this will facilitate such an alliance.

The city was again blockaded last night. Traffic was prohibited and pedestrians were turned back by military sentries in public buildings who were sometimes brutal.

Reuter's correspondent was held up for an hour by a sentry at the Post Office. He had to appeal to the Press Bureau before he was able to send off a censored telegram.

The newspapers report that the Government has dissolved the parliament and has decided to substitute a Chamber of a 100 Deputies, 75 of which will be nominated by the Government and 25 by corporations in accordance with Government wishes and all political parties. Party newspapers and only six independent newspapers will be allowed to appear.

The size of the administration is drastically reducing the officers of the reserve and replacing many high officials.—Reuter.

## REVISION OF THE STEEL CODE

### N.R.A. and Leaders Agree

Washington, May 20. General Johnson states that the N.R.A. and leaders of the steel industry have practically agreed to the terms for revision of the Steel Code.

The result will be announced before May 31, the date of expiry of the present code.—Reuter.

## EQUAL FOOTING FOR JEWS

### At The Berlin Olympics

Athens, May 20. Germany will treat the Jews on an equal footing as other competitors at the Berlin Olympics.

They will also include in the German team German Jews with sufficient ability according to the German delegates at the International Olympic Congress.—Reuter.

## Olympic Championship Won By The Philippines

### CHINESE GIRLS AGAIN SWEEP THE BOARD

### Bitterness Between China And Japan Revived

Reuter's Olympic Service

Manila, May 20. China made a clean sweep of the women's invitation swimming events, Miss Yueng Sau King and Miss Lao Kwai Chang coping all the first and second places.

They were given a tremendous ovation, the Philippines regarding them almost the same as her native daughters.

No visitors to Manila were nearly so popular. Pictures are running daily in all papers. The athletic prowess and personal charm are equally praised.

Japan made a clean sweep of the swimming finals. All Far Eastern records were broken.

Yusa won the 100-metres free style in 59½ seconds.

Makino won the 1,000-metres free style in 19 mins. 45.2 secs.

Kawatsu won the 100-metres backstroke in 1 min. 10½ seconds.

In the 800-metres relay race Japan was first in 8 mins. 7.3/5 seconds.

Japan swept the track and field championship, taking all-round events on a close margin, winning the Decathlon by the narrowest margin from the Philippines, who came second, and capturing the 800-metres relay, after the Philippines won the 1,500-metres relay.

The tennis was impeded by rain. The Philippines are thus far on an even break against Japan, winning the doubles and one singles. It is hoped to finish to-morrow morning.

Championship Decided. Rain continued to mar the final day, stopping some closing ceremonies.

In baseball, Japan and the Philippines fought a bitter 2-2 tie game called at the end of the tenth in darkness, rain giving the championship to the Philippines since Japan needed a victory to tie.

China conclusively clinched the soccer championship, defeating Japan by 4 goals to 3 after a well-played game. The Chinese piled a lead early through a vicious attack. They never headed or slowed the pace somewhat in the second half, but tightened when Japan threatened to tie.

Basketball Game. The Philippines clinched the basketball championship, defeating China by 44 to 33 in a most fast game in the series.

The teams tied 20 all at half time after which the Philippines were irresistibly spurred and could

has the world's biggest air fleet, approximately 3,000 aircraft, as compared with Britain's 1,400.—Reuter.

## EXPORT OF TIN SCRAP

### To Be Prohibited By America

Washington, May 20. The House Military Affairs Committee has decided to recommend favourable action on the Faddis Bill restricting the exportation of tin scrap from the United States.

The decision followed reports that Japan is purchasing tin-plate scrap and tin-bearing scrap for the manufacture of munitions.—Reuter.

#### SILVER MARKET

## FUTURE OF THE SAAR

### League Council Discussion

(Special to the "Hong Kong Daily Press" (Copyright))

Geneva, May 18. The discussion of the thorny Saar question has been postponed by the League Council till May 30 when the Council will reassemble for an extraordinary session to deal with the technical and political problems in connection with the Saar plebiscite.

The postponement was decided upon on Saturday afternoon without any debate, the Italian delegate, Aloisi merely stating that the Saar committee entrusted with the task of drawing up the regulations for the plebiscite had not yet finished its report.

The conference which took place earlier in the afternoon between the German Consul, Krauel, and the Italian and French delegates in order to arrive at an agreement concerning the date of the plebiscite and the so-called political guarantees, ended in complete failure as the French delegate came forward with the demand for new conditions in which the German delegate was unable to acquiesce.

The postponement decided upon subsequently by the League Council was obviously meant to provide further time for private negotiations.—Transocean Kuo Min.

M. BARTHOU'S STATEMENT. Geneva, May 19. The French Foreign Minister, M. Barthou, in an interview to-day, stated that the agreement reached on the Saar question would be communicated to the League Council immediately.

M. Barthou declined to specify, however, whether Germany's acquiescence was obtained or whether the agreement related to the plebiscite date or to guarantees.—Reuter.

## NO ATTACK ON KWANGTUNG

### Nanking Official's Pledge

(From Our Special Correspondent)

Canton, May 20. The Cantonese troops under General Chen Tsai Tong and the Nanking soldiers in Fukien under the command of General Chiang Ting Wen, will launch a combined drive against the Communists in Western Fukien and Southern Kiangsi.

According to a report from General Chiang Ting Wen, Nanking troops from Chang Chow and Liling Yen have advanced to Lien Cheng and taken that town from the Communists. The next objective is Chang Ting which is farther inland.

Upon learning the coming offensive of the Nanking troops, "Generals" Chu Teh and Peng Teh Hui, military heads of the Communist regime at Jui Chin, the so-called capital, are rushing troops to reinforce Chang Ting and apparently to defend it at all costs. Chang Ting is the only Red stronghold in Fukien after the loss of Lien Cheng.

However, Cantonese troops under General Li Yang King will advance from Kwan Mun Ling to attack Hui Chang and Yu Tu which are about 25 miles south of Jui Chin, the object aiming to hinder the transfer of Red forces from Jui Chin to Chang Ting. General Li is to return to the front to-day to direct operations.

Such co-operation between Cantonese troops and Nanking forces in suppressing the Communists indicates that misunderstanding between the military authorities here and in Nanking is cleared. General Chiang Kai Shek, President of the Nanking Military Commission, has assured Canton that there is no truth of sending his crack troops from Honan to the Kwangtung border.

With this pledge of good faith, it is possible for the southern forces to renew the push towards the Communist zones.

RUBBER RESTRICTION BILL IN F.M.S.

Kuala Lumpur, May 1. The Federal Council here has unanimously passed the Rubber Restriction Bill.—Reuter.

The Bill was introduced to conform with the Rubber Agreement reached earlier this month by the International Committee.

## FIERCE FIRE AT CHICAGO STOCKYARD

### Ammonia Tanks And Oil Reservoirs Explode

Chicago, May 20.

A fierce fire has broken out at the Chicago Union Stockyard. It spread with staggering rapidity. Within an hour a square mile of the Stockyard was blazing.

The hotel and two banks are aflame. The fire is now creeping towards the north-west residential district.

All fire-fighting apparatus for miles around have been pressed into service.

Two fire engines were lost in the smoke and blaze. The fate of the crews is unknown.

Heavy Damage. The known casualties are twelve injured. Some buildings have been destroyed. The damage already amounts to several million dollars.

Pandemonium has broken out in the threatened area. The police have thrown a cordon over a huge area.

The drought has caused a shortage of water. The residents have formed bucket brigades. Traffic is dislocated, a tangle stretching for miles around.

Telephone operators in the Stockyard exchange are heroically sticking to their posts in a foetid atmosphere. They are working frantically those lines which are still operating.

Tongues of Fire. Intense relier was felt by the official announcement that the fire had been brought under control after the firemen had set explosives at strategic points to counteract the flames fanned by winds into tongue of fire.

A high air pervaded as the ammonia tanks and oil reservoirs exploded with a roar.

Attempts to fight the blaze were complicated by thousands of spectators, who impeded the police in an effort to get near the fire.

The telephonists finally forsook their posts when the flames licked the switchboards and put out of action the cables.—Reuter.

OVER \$10,000,000 DAMAGE. Chicago, Later.

Twenty persons are reported to be injured. One fireman is missing.

The damage is now estimated at over \$10,000,000. It is believed the fire was caused by a lighted cigarette thrown down on a hay barn.

The flames did not touch the main packing plants.—Reuter.

DILLINGER'S CAREER OF CRIME. Responsible For Tightening Up Of Law.

Washington, May 19.

The activities of America's Public Enemy No. 1, John Dillinger, the notorious "killer and bank-robbler," are responsible for the

speeding up of legislative measures, signed by President Roosevelt, providing federal penalties for offences hitherto governed by state laws.

For example, kidnapping, henceforth, is a Federal crime if the victims held for seven days.—Reuter.

## SMUGGLING OF COINS

### How The Poor Suffer

(From Our Special Correspondent)

Canton, May 20. To alleviate suffering to the poor classes following the depreciation of copper coins, the Provincial Department of Finance is contemplating to mint this copper in place of the miscellaneous coins now flooded in the market.

A ten-cent piece is now worth 30 copper coins, the usual rate being 26 to 28 coppers. This causes sufferings to hawkers and small dealers who are selling their wares on a copper basis. The ferry boats are also hard hit, because they carry a passenger at a fare of one copper. In order to earn a ten-cent piece, they have now to carry 30 instead of 26 passengers.

The Provincial Department of Finance proposes to withdraw the copper coins from circulation and to mint new ones at the rate of ten coins for a ten-cent piece.

This is more convenient to the general public and should be a boon to the peddlers, newsboys, and ferry boat people.

Depreciation of copper coins is due to the smuggling of this specie into Canton in large quantity. In other provinces, one ten-cent piece is exchanged for 36 coppers. Hence, smugglers are making profit by dumping these coins into Canton.

The foregoing plan is being studied by the Economic Planning Committee of the Provincial Department in Finance in conjunction with its schemes to stabilize the provincial banknotes.

FURTHER DISAPPEARANCE OF MONETARY GOLD. New York, May 19.

A further unexplained disappearance of monetary gold, amounting this week to \$6,772,000 and in the past three weeks to over \$22,000,000, is disclosed in a Federal Reserve statement.

Wall Street believes that it reflects gold transfers by the Treasury to the Stabilisation Fund for employment in the control of foreign exchange if required.—Reuter.

ARREST OF MINISTER. Crisis in Japan Threatened.

Tokyo, May 19.

A serious Cabinet crisis threatens in Japan following the action of the judicial authorities against the Vice-Minister of Finance, Mr. Hideo Kuroda, who is suspected of complicity in a big share deal scandal in June last year.

Mr. Kuroda refuses to resign. The Premier, Admiral Viscount M. Saito, may be compelled to dismiss him on the grounds that he is involved in a criminal case.

Rumours of the possible resignation of the Finance Minister, Mr. K. Takahashi, are now circulating. Japanese police officers, at 5.45 a.m. yesterday called at the residence of Mr. Kuroda, and escorted him to the District Prosecutors office.

The Tokyo Journal, "Asahi," states that a warrant will be issued and that Mr. Kuroda will be detained at Ichigaya prison for examination in connection with alleged irregularities in the affairs of the Bank of Taiwan.—Reuter.

Tokyo, Later.

The Japanese Government has suspended Mr. Kuroda from his post in the Finance Ministry.

He has been committed to temporary confinement after a brief examination.—Reuter.

## BRITAIN'S AIR FORCE

### Leap From Fifth To First Place

London, May 19.

Great Britain is prepared to double her air force and leap from fifth to first place as by pressing a button.

This is the meaning of Mr. Stanley Baldwin's statement in the House of Commons to-day, which has aroused intense interest and has brought a partial disclosure of how the leap is to be accomplished.

The consensus of British press opinion is that an immense amount of detailed work has been accomplished, that aerodrome sites have been surveyed, and that tentative plans have been made to increase the facilities to train pilots.

Ample facilities exist to turn out machines owing to the up-to-date condition of the aeroplane and motor-car factories.

Some correspondents state that even supplementary estimate have been drafted.

It is reported that the British plan to submit an air convention to the Disarmament Conference has been abandoned owing to the opposition of a section of the Cabinet.

It is a matter of interesting speculation how France will react to Mr. Baldwin's statement, as she

## BOWLING GREEN IN THE LEAD

### CRAIGENGOWER "A" BEATEN BY JUNIOR TEAM

#### Upsets In The Second Division

Saturday's lawn bowls provided interesting results. The "Derby" at Happy Valley between the two teams from Craigengower resulted in the defeat of the favourites. This reverse puts Kowloon Bowling Green in the lead. The latter had a narrow escape from defeat when the Kowloon Docks came within two points of them in a very close game.

In the junior division, Civil Service is still unbeaten, but there are three clubs close on their heels these being the Yacht Club, The Police and the Indian R.C. The last named asserted themselves as potential league winners when they accounted for the Kowloon Bowling Green Club by ten shots on Saturday.

## FAR EASTERN OLYMPIC ITEMS

### Japanese Deny Measuring Track

The information about the Jose Rizal Memorial track being 3 millimeters too short turned out yesterday to be all wet.

The actual facts—determined by a corps of surveyors who allowed for temperature, wind velocity and various other factors—are that it is 1.4 millimeters too long. The surveyors were put on the job yesterday morning by the P. A. A. F. following the appearance of a story in the Bulletin to the effect that the Japanese, who expect to split some seconds, in the track and field meet, beginning tomorrow, were exercised over the measurement of the 400-meter oval. The officials went into a bundle after the second measurement and decided that after all 1.4 millimeters would not make much difference. It's about twice the width of a thumbnail.

The P. A. A. F. officials were apparently worried in vain, however, since the Japanese delegation yesterday issued a categorical denial that they had ever measured the track, ever issued a protest, or even given the matter a thought. However, the Japanese yesterday did take up seriously the question of wind velocity and urged that if it were a factor the sprints and hurdles be run in both directions. Their request was denied.

In answer to the Bulletin article of yesterday morning entitled "Japanese Get Out Calipers" K. Abe, delegate of Japan issued a statement denying the article in the name of the whole Japanese delegation, declaring that the Japanese delegation had never measured the Rizal Track nor do they know how short it may be. Mr. Abe, as spokesman for the Japanese delegation firmly states that Japan never issued any kind of protest on such question and that no such protest was filed with Dr. Ylanan, National Physical Director. Therefore, Mr. Abe does not know who else could give any sort of confirmation to the Bulletin on the matter.

In conclusion, everyone of the Japanese officials and athletes are without exception, very keen in promoting their intimate friendship with Philippine officials and athletes, and such an article as was published yesterday cannot, Mr. Abe claims, possibly spoil such close relations between the Filipino and Japanese athletes either intentionally or not.

### Gate Receipts total P50,000

The gate receipts at the Far Eastern Olympic games for the last three days, including yesterday, totalled over P50,000, according to estimates made last night.

Yesterday's gate receipts were estimated at about P10,000. Total attendance in the various games conducted in the different grounds at the Rizal Memorial Field is variously estimated at between 20,000 and 25,000.

Football between China and Japan drew a record crowd of 15,000 people, while the volleyball encounter between China and the Philippines had an attendance of some 3,000 people. About 1,000 people witnessed the demonstration held in the baseball stadium, while the tennis matches drew more than 1,000 persons.

The season tickets for the games are exhausted, according to officials of the operating department of the meet. These tickets gave the management a total of P13,000. Tickets sold at the windows on Saturday, the opening day, totalled P13,000 and on Sunday, P10,500. Yesterday's attendance netted the management about P10,000.

The operating department of the Rizal Memorial Stadium, which is in charge of the sale of tickets for the Olympic games, announced that the sale of season tickets has been discontinued, and that day by day tickets can be purchased in advance. This new arrangement has been made in order to give the public greater facilities to obtain tickets and avoid delays by standing in long lines waiting for their turn to buy tickets at the box office.

Sports fans intending to see the games are urged to get their tickets in advance to avoid overcrowding at ticket windows, for their own comfort, and also for the sake of better handling of fans in the different stands. Since the opening of the games there have been near riots at games, excited people fighting their way into the grounds. Such

INTER-UNIVERSITY  
ATHLETIC SPORTSLOCAL UNDERGRADUATES WIN  
CHAMPIONSHIPTan Yon Nee Becomes  
Individual Champion

The fourth Inter-University athletic meeting between the Hongkong University, the Lingnan University and the Sun Yat Sen University was held at Caroline Hill during the week-end. The championship was won by the local undergraduates.

The individual championship in the men's section was won by Tan Yon Nee, the champion of the Hongkong University with 24 points, while the Ladies' championship was annexed by Miss Leung Sin Wah of the Sun Yat Sen University with 17 points.

There was a large gathering present to witness the sports and at the conclusion, Mrs. R. H. Kotewall distributed the prizes.

SUN YAT SEN UNIVERSITY WINS  
LADIES' CHAMPIONSHIP

The Hongkong University won the championship with 70 points with the Sun Yat Sen University second with 59 points, followed by the Lingnan University with 40 points. In the ladies' section, the Sun Yat Sen University proved themselves head and shoulders above their rivals, securing no less than 56 points with Lingnan University second with 3 points and the Hongkong University with seven points.

The surprise of the meet was the failure of the Lingnan undergraduates who won the championship last year.

The local undergraduates were given a serious challenge by the Sun-Yat-Sen University, so much so that it was not until the last event that the championship was decided. The winners had much to thank Tan Yon Nee who distinguished himself both in track and field events and it was he who secured most points for them.

The local lady undergraduates fared badly against those of the Sun Yat Sen who secured practically all the events and incidentally winning that section by the amazing margin of 48 points against their nearest rivals, the Lingnan University.

In calling upon Mrs. Kotewall to distribute the prizes, Mr. Ong Ewe Hin, president of the Hongkong University Students' Union, thanked the China Emporium for the donation of the Ladies' championship shield, the Sincere Company, the South China Athletic Association for the loan of the ground, and all the officials concerned for their invaluable help. He also thanked Sir William Hornell, Vice-Chancellor of the Hongkong University, the Hon. Dr. R. H. Kotewall and Lt.-Col. H.B.L. Dowbiggin for their advice and assistance, and Mrs. Kotewall who had so kindly consented to give away the prizes. He congratulated the Hongkong University on winning the men's championship and the Sun-Yat-Sen University on winning the championship for ladies.

The athletes and officials were entertained to a dance and concert at the University last night. There was a large gathering present and dancing did not finish until a late hour.

## CABLE NEWS IN BRIEF

(Special to "Hong Kong Daily Press")  
(By Telegraph, Copyright, Telegraphic Messages' Ordinance, 1894.  
Received May 20, 4.30 a.m.)

Berlin, May 18. Erwin Schulze, the house-painter, who confessed at least half-a-dozen times to tossing the hand grenade which exploded in Unter den Linden in the end of March, was sentenced by the Berlin Special Court on Friday to ten years' hard labour. Schulze again surprised the Court at the opening of the final session by a complete confession of the bomb throwing. Upon the casual question of the judge, "now Schulze, how about it, are you really guilty?" the defendant resolutely and fluently recounted how he found the hand grenade jammed under the eaves on a roof, picked it up and played with it, suddenly becoming afraid that it will explode and flung it wildly over the wall which was about six feet high. Schulze added that he was not able to see where it might land.

The Court found Schulze guilty on two counts—infraction of the law governing the use of explosives and the law for the repression of political deeds with violence. The judgment attributed the deed to the highly nervous tendencies of the accused and the coincidence of his happening upon the hand grenade, emphasising that if the deed had been proven to amount to a communist demonstration against the third Reich, the Court would impose a far more severe punishment.

In arriving at the present sentence, it had been taken into consideration that it was fortunate no one had been killed.—Transocean Kuo Min.

## BARTHOU-LITVINOFF PARLEY

Geneva, May 18. All interest was centred here on Friday on the Barthou-Litvinoff interview which began at 3 o'clock in the afternoon and which lasted for half-an-hour. The Ministers declined to make any statements to a "horde" of journalists who swooped down on them as they left their hotel. Litvinoff merely said that he had come to Geneva to discuss current questions but it is generally taken for granted that the chief magnet which had drawn the Soviet Russian Foreign Commissary to Geneva is Russia's proposed entry into the League.

This conjecture is all the more likely since the Rumanian Foreign Minister, Titulescu, awaited here on Saturday to continue negotiations with Litvinoff which were begun in Paris some time ago. It is understood that Poland is demanding to be given a permanent seat on the League Council if Soviet Russia becomes a permanent member of it, but even this is considered a less serious obstacle to Russia's entry to the League than Switzerland's obstinate refusal to grant the Soviet Union diplomatic recognition.—Transocean Kuo Min.

## TRADE AGREEMENT

The Hague, May 18. The trade negotiations between the Netherlands and Germany which have been in progress for some time have resulted in complete agreement between the parties concerned and a pact will be signed within the next few days at Berlin, according to semi-official information received here.

Both countries have agreed to extend mutual trade as far as possible.—Transocean Kuo Min.

## RESCUE OF AVIATORS

Bremen, May 18. Recent reports that the rescue of the crew of the French Army plane, which went down in the Channel on Wednesday, was effected by a French tugboat do not agree with the facts, according to a statement made here today by the Norddeutscher Lloyd Steamship Company, owners of the s.s. "Dresden".—Risking their own lives, it was the crew of the liner who rescued the derelict French flyers and brought them safely back on board the N.D.L. liner, which at the time of the incident was returning to Bremerhaven from a holiday cruise around the British Isles with 800 members of the German organisation "Keep fit and relax". The French flyers have meanwhile been landed at Bremerhaven.—Transocean Kuo Min.

## ON LAND AGAIN

Berlin, May 18. The four French aviators who were rescued from dangerous seas on Wednesday by the crew of the N.D.L. "Dresden" after their Army plane was forced down on the storm-tossed channel during the combined French Air and Marine manoeuvres, again set foot on

solid land here on Friday, none the worse for their nerve-wrecking experience. The rescued officer and three non-commissioned officers spent the last two days with their unexpected hosts, the entire passenger list of the Dresden being German workmen out of the Rhine Valley and Javaria who were making a free trip as a part of the programme, "strength through joy", department of the national-Socialist Labour Organisation.—Transocean Kuo Min.

## DAVIS CUP CONTEST

Paris, May 18. This year's Davis Cup campaign opened on Friday when France and Austria met in the Roland Garros stadium. The French took a 2-0 lead in the first round of the European Zone when Boussus defeated Matejko in straight sets while Meril beat Metaxa in four sets. France is expected to clinch victory over the Austrian team in the doubles which is scheduled for Saturday.—Transocean Kuo Min.

Berlin, May 18. Delegates of the transfer conference decided on Friday to postpone their conversations with the Reichs Bank until after Whitsun, that is on Tuesday.

Although the delegates hesitate to use the word "deadlock" when describing the state of the negotiations, the fact remains that no unanimity of policy has yet emerged. Switzerland and Holland still maintaining their right to receive 100 per cent falling due to them because they have a big positive balance in trade with Germany, while the United States are standing out for identical treatment all round.

Unless the delegates come to a compromise among themselves during the vacation, it is expected that the Reichs Bank will have to be given freedom to make her own arrangements with each creditor country separately. The delegates' investigations have not succeeded in discovering any error in the statement of the German case by the Reichs Bank.—Transocean Kuo Min.

## BRUSSELS, MAY 18.

The toll of lives taken by the two disasters in the Paturage coal mine near Mons, now totals sixty while three of the injured men who were rescued on Thursday are not expected to survive. The Press comments on the irony of fate, stating that owners of the mine had in fact decided some months ago to close down the mine owing to its being worked at a loss. Protests from the miners and the municipal authorities, however, caused them to reverse their decision.

It was, however, planned to suspend work in part of the mine, and the gallery in which the exploding occurred was to have been closed down next week. The miners' fate, in the meantime, has been sealed by the terrible disaster.—Transocean Kuo Min.

## BERLIN, MAY 18.

Owing to three days' closure of the Bourse for Whitsun, business in the share market is very restricted but prices in general rose somewhat, chiefly on the report that raw steel production in April last showed an 84.5 per cent advance over April 1933.

Fixed interest securities were stagnant and gold mortgage bonds firmer. Call money was quoted at 4%. The slackness in business was the outstanding feature throughout the week, partly due to disappointment over the slowness of the transfer conference and partly to the approach of the holidays. Nevertheless prices on the whole were well maintained, the week-end seeing a smart recovery all round. Fixed interest securities were more in demand than shares hence prices in general were firmer but the bulk of the business done was much below normal.—Transocean Kuo Min.

## SATURDAY'S RESULTS

## World Record Broken

Manila, May 19. Nagao, of Japan, won the Pentathlon by a comfortable margin with a total of 3,476 points at the Far Eastern Games to-day, breaking the World's record for the javelin throw, setting a new mark of 82.475 metres.

In the soccer the Philippines recorded a surprise win by 3 goals to 2 over Java.

The Japanese and Chinese baseball and tennis matches were abandoned to-day owing to heavy rains.

The Japan-Philippines basketball match last night was moved indoors owing to the rain.

Japan made a clean sweep of all the swimming events to-day setting new Far Eastern records, but the Netherlands Indies caused a surprise by winning the finals of the fancy diving.

Three competitors broke the 1,500 metres swimming record, Akino returning the best time with 19.47.3. The 100 metres back-stroke record was beaten by five swimmers. Kawatsi, the world's champion winning in 1.10.9.—Reuter.

## Basketball Surprise

Manila, May 19. Japan created the biggest upset in the Far Eastern Olympic Games to-day by defeating the Philippines by 40 to 38 in their basketball match after leading throughout.

The only possible reason which can be put forward for this surprising victory was the over-confidence of the Philippines.

As Japan is already definitely third in the contest, this victory makes China and the Philippines tie for the first place.

The final will be played off to-night, making this the most crucial game of the whole tournament.

The Philippines are favoured to win, but the Chinese, already known to be strong, have gained fresh hopes by the Filipino debacle last night.—Reuter.

## Philippines Win The Boxing Championships

Felipe Nunag, Philippines fly-weight gained the decision over Chiyu Hito, Japan. Shoka Kin, Japanese bantam-weight gained the decision over Solomon Adornado, Philippines. Avelino Cunanan, Philippines, was awarded the decision in the featherweight class over Ryutatsu Boku, Japan.

Jose Padilla, jr., Philippines, knocked out Narciso Sangle, Philippines.

Carlos Padilla Philippines welter-weight, was awarded the fight with Sigame Saito, Japan, a decision which was very unpopular.

The Philippines won the Far Eastern Olympic Boxing Championships.—Reuter.

## SABOTAGE PLAN IN AUSTRIA

## Much Damage To Railways

(Special to the "Hong Kong Daily Press" (Copyright))

Vienna, May 19. The Austrian railways and power lines were dynamited in a dozen different places in the early hours of Saturday morning in a sabotage plan evidently conceived on a national scale, the perpetrators making a clean getaway in every instance. Though the Ministry for Public Safety is exercising every effort, throughout the day, to apprehend the malefactors, even alarming the military garrisons in many cities, no arrests have yet reported.

Three attacks were made on the railways in the vicinity of Vienna, one severely damaging the important bridge near Pulkersdorf. Detachments of the regular army, rushed to the spot, still occupy the entire district. Near Innsbruck, the railway bridge was blown to pieces, only twisted rails were left over the gorge. Near Salzburg, two giant masts of the high-power electric line were blown over by dynamite, plunging the world-famous theatre city into darkness for three hours.

Six other explosions were officially reported, while at further points along the tracks, infernal machines were discovered which for various reasons failed to explode.

Reward Offered.

A reward of ten thousand schillings for the apprehension of the dynamiters whose well-laid and carefully-timed bombs sent the railroad tracks flying in most parts of Austria early on Saturday morning, was posted by the Government on Saturday night.

The list of explosions is still growing. Beyond the dozen already reported by Transocean, three fairly big stretches were further blown out of the railroad between Garmischpartenkirchen and Innsbruck and one in the interior of the Mattnewand tunnel. A road in Kufstein, Innsbruck, was also damaged.

It is generally considered that every through-route to Vienna with the role exception of the Franz-Joseph line was torn up by the wholesale dynamiting campaign.

The Government issues an announcement assuring the public that the most extreme measures are being taken to guard against further outrage.—Transocean Kuo Min.

## GIANT OF THE AIR

## Welcome To Graf Zeppelin

(Special to the "Hong Kong Daily Press" (Copyright))

Berlin, May 19. The arrival of the Graf Zeppelin in the German capital on Saturday, the occasion of the airship's forty-fourth flight round Germany, resolved itself into a public fête when an enthusiastic self-selected welcoming committee of ten thousand Berliners thronged the Tempelhofer field to greet the "German giant of the air."

As a special stunt, the crack glider pilot, Wiegemeyer, repeated his successful experiment, first tried at Friedrichshafen last week, by launching the glider plane from the bottom of the Zeppelin's gondola and smoothly descending to the ground.—Transocean Kuo Min.

## THE SHARE MARKET

## Harriman's Review

Although the market ruled quiet during the week under review with trading on a very small scale, there were some more enquiries for investment issues. Consequently, Hong Kong Electric advanced to \$73 1/2. Telephones (old) to \$25, Star Ferries to \$99.00, and Wharves to \$104 1/2. Hongkong Trams remained firm with sales effected at \$21.35. Hong Kong Lands were done at \$61. Sterling stocks were inclined to be easier with Unions having changing hands at \$610, but Hong Kong Banks were in demand at \$1,845. Among the minor issues, Ewos suffered a set-back and were done down to \$810.70 for May Settlement. Hong Kong Realities again eased off slightly with shares offering at \$5.10. Hotels were a shade better with business done at \$600/05. China Lights remained unchanged with enquiries at \$9.00. Cements opened with buyers at \$2.30, but apparently the ready response of the majority of the share-holders to the final call of \$3.75 created more confidence in this stock and towards the close there were many unsatisfied buyers endeavouring to obtain shares at \$2.60. Providents (old) had sellers at \$200 and Ropes at \$5 1/2. The tone of the market at the close is very quiet.

Business during the week has been done at the following prices:—

## SATURDAY'S OFFICIAL QUOTATIONS

Star Ferries suddenly came to the front in the past few days, when a demand set in which could not be satisfied, thus forcing the rate up to \$101 1/2 sales, and closing to-day at \$100 buyers. ## KING OF SIAM'S CREDITS

## Documents To Be Restored

London, May 19. Oliver Edwards, a book-maker living in a lodging house in Deptford, who was charged at the Greenwich Police Court on May 17 with being in possession of the King of Siam's letters of credit, was acquitted to-day.

The Police stated that the King of Siam has declined to have anything to do with the matter, and as the police were not in a position to offer any further evidence, the Magistrate ordered the documents to be returned to the King.

Edwards, when arrested, had in his possession two circular letters of credit for £1,600, drawn on the Hong Kong and Shanghai Banking Corporation and belonging to the King of Siam. He stated that he had found them in the Strand.—Reuter.
